

## Overnight Guidelines

### Rules and Guidelines

- Chaperones must accompany/supervise their group at all times
- All participants must sleep in the designated sleeping areas unless otherwise specified
- After lights out, campers are expected to remain in their designated sleeping area
- Please be aware no shower facilities are available
- We are a non-smoking campus, so please no smoking anywhere on the museum grounds
- The building will be locked after all participants arrive, so please notify an employee if you need to go outside for any emergency.

### Check-in and Dismissal

- Please arrive between 6:45 pm and 7 pm. The mission briefing will start at 7 pm
- At check-in, please have one leader provide the number of child and adult participants, a reminder of special needs.
- Payment will be made the following morning when participants may shop in the store.
- No late arrivals or early departures please
- After dismissal your admission covers the day following your overnight should you wish to continue your experience. However, any programming with your overnight is complete after dismissal.

### Food

- Please eat dinner before arrival – a late snack will be provided. Snack includes cookies, chips, and beverage option.
- Please make sure to inform the museum of any dietary requirements prior to the event
- Breakfast will be provided in the morning. This includes sausage; egg; and cheese biscuits; cinnamon blossoms; coffee; and tang.
- A water fountain, snack machine, and soda machines are available
- If the Scout master(s) want to bring in food separately this is permitted. Food and beverage though must only be consumed during designated times in designated areas.

**Sample Packing List:**
